(1) I missed only my first class today

(2) I missed only my second class today

(3) I missed both my first and second class today

Correct

2. My friend takes 10 cards at random from a 52-card deck, and places them in a box. Then he puts the other 42 cards in a second, identical box. He hands me one of the two boxes and asks me to draw out the top card. What is the probability that the first card I draw will be the Ace of Spades? 1 / 1 point

Correct
