### Correct

The symbol  $\in$  stands for "is an element of" and it is true that 3 is an element of A. The other two elements of A are 1 and 5.

2. Let  $E=\{-1,-2,-3\}.$  Compute the cardinality |E| of E:

1/1 point

- 3
- $\bigcirc E$
- $\bigcirc$  0
- $\bigcirc$  -3
